TEN GRAND FORM BOOKS FOR SALE.

There are ten surplus volumes of charts covering American racing from June 1, 1896, to January 1, 1897, in flexible morocco covers with an index of 100 pages on linen paper, lettered for ready reference, to be sold at \$10 each to the first ten applicants. The volumes are overprints, and are perfect books in perfect covers and condition, of 1700 pages each.

NOTES OF THE TURF.

The Oakley track idea is on the line of Secretary W. B. Letcher starting its fields this year. Bill McGuigan has sold his highly tried Hayden Edwards—Workmate filly, half sister to Ben Eder, and a colt by Hayden Edwards—Bettie Blazes, to M. F. Dwyer.

The newspaper necromancers are placing the price paid by Charley Hughes' Chicago backer for First Mate at \$15,000. Whew! A four-year-old, eligible in a regular way to handicaps, with racing not in the sturdiest lines, should be a champion, with the definite stamp, to bring such a price. Cut it in half and throw off ten per cent and the price is reasonable; though First Mate's a good colt. If a critic could throw out one of his 1896 races, the stamp of greatness might be applied to the colt.

The American Sporting Manual

A YEAR BOOK AND COMPENDIUM OF RECORDS

The Manual will be: A Book for the Pocket.
A Book of Authority.
A Comely Book. A Cheap Book.

It will contain all general sporting records in use. All American Turf Records. All American Track Records. A twenty-page history of all the prize fights and boxing matches of 1896, from January 1 to December 31, 1896. Two handicap tables; one reproduced from the American Racing Manual, and a new one of even sharper application to racing, never before published.

The Manual will contain the 1896 figures of Baseball, Aquatics, Football, and Athletics in general—racing, trotting, pacing and all departments of sporting. Within The Manual's covers will be 100 pages of pure sporting figures.

The American Manual's handicap tables alone are such as have been usually sold at \$50 and \$100 each. With them are published explanatory keys and three races which have been run and to which the figures have been applied. These keys show horses, estimate of ability on past races, figures on the race to be run and their position in race to which figures were fitted.

Table No. 2 is entirely new. The track records and time estimate in the book are the result of nine months daily work of five experienced men.
